Treatment Approaches for Children With Complex Medical Conditions

INTRODUCTION

Children with complex medically conditions require individualized, high-intensity treatments that require the collaboration of multiple specialists. This session explores common attributes of this patient population and highlights the SLP’s role in managing these patients as part of the care team.

This course is a recorded session from the 2021 online conference “Maximizing Outcomes for Medically Complex Patients of All Ages.”

LEARNING OUTCOMES

You will be able to:

- describe common attributes of children with complex medically conditions
- identify challenges and resources available to support families in navigating their child’s evolving medical needs
- discuss the SLP’s role in management of children with complex medical conditions in hospital and community settings

PROGRAM HISTORY and IMPORTANT INFORMATION

Recording length: 66 minutes
Online conference dates: March 17–29, 2021; August 4–16, 2021
End date: March 17, 2026

To earn continuing education credit, you must complete the learning assessment on or before March 17, 2026.

This course is offered for 0.1 ASHA CEUs (Intermediate level, Professional area).
