Building a Culturally Inclusive & Gender Affirming Space

INTRODUCTION

As visibility for transgender and gender nonconforming (TGNC) folks increases, audiologists and SLPs may wonder how to ensure their practice is inclusive and affirming. This webinar will explore culturally competent and inclusive care for gender diverse individuals. The session will include evidence-based practices, knowledge building about TGNC identities, strategies for maintaining safe spaces, and interactive case studies.

LEARNING OUTCOMES

You will be able to:

- Identify terminology utilized within the gender diverse community and ways to access additional resources
- List three examples of creating and sustaining gender affirming and inclusive spaces
- Identify and provide culturally competent assessments and therapeutic protocols for the TGNC community
