Preferred Practices for Clinical Swallowing Exams

INTRODUCTION
This webinar addresses the clinical utility of a clinical swallow examination (CSE) for individuals with suspected swallowing impairment. The speaker discusses the power of the CSE, which comes from employing a systematic assessment to enhance clinical decision-making. The webinar dives into the critical components for a multidimensional CSE applicable across patient populations and settings.

LEARNING OUTCOMES
You will be able to:
- Contrast swallow screen from swallow assessment
- Describe the clinical utility and limitations of a clinical swallow exam
- List red flags that warrant further diagnostic workup

PROGRAM HISTORY and IMPORTANT INFORMATION

Live webinar: June 16, 2021
2:00–4:00 p.m. Eastern time
(1:00 p.m. Central time, noon Mountain time, 11:00 a.m. Pacific time)

On-demand webinar: June 18, 2021–June 18, 2026

To earn continuing education credit, you must complete and submit the learning assessment within 5 days of watching the webinar, or before June 18, 2026, whichever comes first.

This course is offered for 0.2 ASHA CEUs (Intermediate level, Professional area).
