

## FACULTY

---

**Jeffrey P. Regan, MA**, joined the ASHA staff in June 2017 and currently serves as Director of Government Affairs and Public Policy. In this capacity, he oversees ASHA's wide-ranging advocacy activities. A native of Connecticut, Regan completed undergraduate studies at the College of the Holy Cross before embarking on a 10-year career in the U.S. Senate, where he served as a legislative assistant and policy advisor to former Sen. Christopher J. Dodd. After completing graduate studies at Saint John's University, Regan entered the arena of nonprofit advocacy, in which he led government relations efforts at the American Psychiatric Association before coming to ASHA. Regan is a seasoned advocate with a proven ability in developing winning advocacy strategies to reach meaningful objectives.

**Katheryn L. Boada, PhD, CCC-SLP**, is the Director of Audiology, Speech-Language Pathology and Learning Services at Children's Hospital Colorado (CHCO) in Aurora. She received a BA in Psychobiology from the University of Virginia, an MA in Communication Disorders from the University of Pittsburgh, and a PhD in Clinical Sciences from the University of Colorado. Her clinical and research interests include cognitive-communicative disorders, language disorders, speech disorders, and dyslexia. She has worked in clinical management and program development since 1994, including outcomes measurement, quality program leadership, home-health therapy services, and departmental leadership. Her passions include interprofessional collaboration, clinical outcomes assessment, improving access to services via telepractice, advocacy for rehabilitative services, collaborative program development, and community and professional service. Her volunteer leadership positions for ASHA include a term on the Board of Directors as the Vice President for Government Relations and Public Policy, and she has served as Colorado's Speech-Language Pathology Advisory Council representative. She is a Past-President of the Colorado Speech-Language Hearing Association and has served on the Colorado Department of Education's Speech-Language Advisory Committee. She regularly provides in-services, trainings, and invited lectures in the areas of outcome assessment, clinical leadership and mentorship, and various clinical practice topics.
