Embracing Transformation: Become a Catalyst for Change

INTRODUCTION

SLPs practicing in health care provide services within a largely for-profit system in the U.S. Consequently, the business needs of health care, challenges related to reimbursement and advocacy, and disparities in health care access have resulted in a need to adapt clinical practice to future trends while rethinking career growth and advancement in the field. This session contextualizes the challenges in the practice of medical speech-language pathology and provides practical ideas to facilitate change in your realms of influence at your job and beyond.

This course is a recorded session from the 2021 online conference “Empowered SLPs in Health Care: Breaking Barriers and Shaping Solutions.”

LEARNING OUTCOMES

You will be able to:

• identify the barriers to effective service delivery in for-profit health care systems in the U.S.
• describe the challenges associated with transformational change in the medical speech-language pathology
• discuss strategies that can be used to implement change in a variety of health care settings

PROGRAM HISTORY and IMPORTANT INFORMATION

Recording length: 72 minutes
Online conference dates: June 2–14, 2021
End date: June 28, 2026

To earn continuing education credit, you must complete the learning assessment on or before June 28, 2026.

This course is offered for 0.1 ASHA CEUs (Intermediate level, Related area).
