Teleaudiology: Policy Trends

INTRODUCTION

This course provides an overview of policy issues and trends in audiologists’ use of telepractice, including an overview of changes to state telepractice law implemented during the COVID-19 pandemic.

The course is one in a set of practical programs that address specific aspects of remote practice in audiology.

LEARNING OUTCOMES

You will be able to:

- Differentiate between state requirements for out-of-state telepractice
- Identify nationwide policy trends in the regulation of telepractice
- Identify changes to telepractice regulation that occur during a state of emergency, including during the COVID-19 pandemic
