Critically Analyzing Your Caseload

INTRODUCTION

SLPs are charged with doing more with less time. This session from ASHA’s 2021 Schools Connect online conference shares a way to address caseload and time challenges. The workload calculator is a tool that can be used to critically analyze an SLP’s caseload. The speaker walks learners through using the tool so you can analyze your caseload to increase workload efficiency and productivity.

LEARNING OUTCOMES

You will be able to:

- Use the workload calculator to analyze your caseload
- Identify schedule changes that can increase efficiency in service provision
