Helping School Personnel Support Students With Cochlear Implants

INTRODUCTION

Many school-based personnel are unsure how to best support students with cochlear implants, and this session explores how clinicians across settings (clinics and schools) and professions (audiologists, SLPs, and educators) can work together to help students reach their goals.

This course is a recorded session from the 2019 online conference “Audiology 2019: Cochlear Implants.”

LEARNING OUTCOMES

You will be able to:

- describe realistic expectations re: listening development post-surgery
- identify the five steps of auditory development
- use tools to chart students’ progress

PROGRAM HISTORY and IMPORTANT INFORMATION

Recording length: 70 minutes
Online conference dates: September 11–23, 2019
End date: September 11, 2024

To earn continuing education credit, you must complete the learning assessment on or before September 11, 2024.

This course is offered for 0.1 ASHA CEUs (Intermediate level, Professional area).
