

FACULTY

Kate Hutcheson, PhD, CCC-SLP, is an associate professor in the Department of Head and Neck Surgery, Section of Speech Pathology and Audiology, with dual appointment in the Division of Radiation Oncology, at the University of Texas MD Anderson Cancer Center. She serves as Deputy Director of the Clinical Research Program in Head and Neck Surgery. Hutcheson is a certified speech-language pathologist, a Board-Certified Specialist in Swallowing and Swallowing Disorders, and holds a doctorate in epidemiology. She maintains an active clinical practice and research program. She has authored more than 120 journal articles with funding support from the National Institutes of Health, Patient Centered Outcomes Research Institute, the MD Anderson Institutional Research Grant Award program, and the CPRIT UT Health Innovation Training Program. She is an accomplished clinician and educator who lectures nationally and internationally on radiation-associated dysphagia and head and neck cancer rehabilitation. Her mission is to optimize functional outcomes and quality of life in head and neck cancer survivorship through practice-oriented clinical research.
