Using Clinical Pathways to Care for Patients With Cancer

INTRODUCTION
This session explores how SLPs can use clinical pathway frameworks to collaborate with other professionals and develop unique rehab plans that deliver optimal, personalized care to patients with cancer across a variety of settings.

This course is a recorded session from the 2019 online conference “Cancer Care: Enhancing Communication, Swallowing, and Quality of Life.”

LEARNING OUTCOMES
You will be able to:
• utilize clinical pathway frameworks to develop unique oncology rehab programs
• determine optimal plans of care for patients along the survivorship timeline and across settings
• utilize resources and collaborations to execute plans of care across varied settings and levels of experience

PROGRAM HISTORY and IMPORTANT INFORMATION

Recording length: 71 minutes
Online conference dates: March 20–April 1, 2019; August 7–19, 2019
End date: March 20, 2024

To earn continuing education credit, you must complete the learning assessment on or before March 20, 2024.

This course is offered for 0.1 ASHA CEUs (Intermediate level, Professional area).
