INTRODUCTION
This session addresses the challenges and opportunities for speech-language pathologists who evaluate cognitive-communication, speech, language, and feeding-swallowing disorders in children and adolescents with cancer.

This course is a recorded session from the 2019 online conference “Cancer Care: Enhancing Communication, Swallowing, and Quality of Life.”

LEARNING OUTCOMES
You will be able to:
• describe the potential long-term effects of oncology medical treatments (e.g., chemotherapy, neuroradiation) on cognition, speech, and language
• identify appropriate strategies that should be considered when assessing speech, language, cognition, or feeding/swallowing in children and adolescents with cancer

PROGRAM HISTORY and IMPORTANT INFORMATION
Recording length: 61 minutes
Online conference dates: March 20–April 1, 2019; August 7–19, 2019
End date: March 20, 2024

To earn continuing education credit, you must complete the learning assessment on or before March 20, 2024.

This course is offered for 0.1 ASHA CEUs (Intermediate level, Professional area).
