Cynthia O'Donoghue, PhD, CCC-SLP, FNAP, is a professor and serves as the Academic Unit Head for Communication Sciences and Disorders at James Madison University in Harrisonburg, Virginia. O'Donoghue holds clinical credentials and licensure in the Commonwealth of Virginia and has practiced professionally with both adult and pediatric neurogenic populations for more than 30 years. She teaches graduate courses and conducts research in communication disorders of neurogenic etiology with a focus on cognitive-linguistic deficits and dysphagia. Key service roles have included Vice-Chair of the Brain Injury Council for the Department of Aging and Rehabilitative Services (DARS), President of the Board of Trustees for Crossroads to Brain Injury Recovery, Inc., Board of Directors for the Brain Injury Association of Virginia (BIAV), and member of the National Advisory Council (NAC) for the ETS PRAXIS Examination in Speech-Language Pathology. She is a voting member of the Dysphagia Research Society, the Academy of Neurological Communication Disorders and Sciences, American Congress of Rehabilitative Medicine, ASHA, and the Council for Academic Programs in CSD. O'Donoghue was awarded the designation of Distinguished

Fellow and Scholar to the National Academies of Practice (NAP) in Speech-Language Pathology.

Julian White, MS, CCC-SLP, CLC, is a doctoral candidate at James Madison University, where she also received her Master's in Speech-Language Pathology in 2016 with specific interest in pediatric dysphagia. Her primary area of research is best practices for instrumental evaluation of infant swallowing. Prior to beginning her doctoral studies, White worked full-time as a pediatric SLP at VCU Hospital, specializing in swallow evaluations for patients in the NICU, PICU, pediatric floors, and outpatient feeding clinic. She continues to work at VCUH as a PRN pediatric SLP, and at the JMU/Sentara Voice and Swallow Clinic at Sentara RMH.
