COVID-19 and Its Impact on Audiology Practice Efficiency

FACULTY

Sharon A. Sandridge, PhD, CCC-A, is currently the Section Head: Hearing, Speech and Balance Services at the Cleveland Clinic in Cleveland, Ohio, and has been with the Cleveland Clinic since 1995. Sandridge received her BA (1983) and MA (1984) from University of Akron and her PhD (1988) from University of Florida. Prior to her position at Cleveland Clinic, she was a Research Associate at CUNY-GS in New York and on faculty at Northern Illinois University, DeKalb, Illinois. Her primary clinical and research interests are amplification, tinnitus, electrophysiology, hearing loss prevention (HLP), and precepting AuD externs. She has co-authored over 60 articles/book chapters and has over 300 referred/invited national/international presentations. Two of her articles have received special recognition: 1999 ASHA’s Editor’s Choice Award - American Journal of Audiology and 2012 Editor’s Award for Outstanding Publications - Ear and Hearing. Sandridge has also been recognized as Ohio Outstanding Researcher by the Ohio Academy of Audiology (2008), received the Cleveland Clinic Health Sciences Educator Award (2016), and became an ASHA Fellow in 2018. In 2007, she served as Convention Chair for AAA and 2018 served as Co-Chair for the ASHA Convention. She is currently serving as ASHA Vice President for Audiology Practices.
