Shannon M. Theis, PhD, CCC-SLP, is an assistant professor in the Department of Communication Disorders and Sciences at Rush University Medical Center in Chicago. Theis earned her PhD from the University of Wisconsin–Madison and has specialized in caring for children with craniofacial anomalies/cleft lip and palate, feeding/swallowing difficulties, and pediatric voice/resonance and upper airway disorders for nearly 20 years. She has advanced training in stroboscopy, pediatric FEES (fiberoptic endoscopic evaluation of swallowing), videofluoroscopic swallow studies, and nasopharyngoscopy. Theis is an active clinical researcher and presenter and has published several articles related to pediatric voice and airway disorders. Her research interests include pediatric outcomes and health-related quality of life.
