Overcoming Treatment Compliance Challenges in Voice Treatment

INTRODUCTION
Ensuring carryover and compliance outside of voice therapy sessions is one of the most difficult aspects of intervention for voice disorders. This session discusses the latest research, technology, and strategies that can help improve carryover and compliance.

This course is a recorded session from the 2020 online conference “Voice Evaluation and Treatment: Improving Outcomes for Children and Adults.”

LEARNING OUTCOMES
You will be able to:
- Implement the Rehabilitation Treatment Specification System to identify which aspects of voice therapy are directed toward patient functioning and which are directed toward patient volition
- Describe 2-3 mobile technologies that may help improve compliance outside therapy sessions
- Describe 2-3 behavioral treatment strategies that may be useful to improve patient compliance

PROGRAM HISTORY and IMPORTANT INFORMATION

Recording length: 66 minutes
Online conference dates: April 22–May 4, 2020; August 5–17, 2020
End date: April 22, 2025

To earn continuing education credit, you must complete the learning assessment on or before April 22, 2025.

This course is offered for 0.1 ASHA CEUs (Intermediate level, Professional area).
