Including Vocal Hygiene Recommendations in Treatment Planning

INTRODUCTION
This session highlights up-to-date, evidence-based vocal hygiene recommendations that can produce desired clinical outcomes without causing undue burden on patients.

This course is a recorded session from the 2020 online conference “Voice Evaluation and Treatment: Improving Outcomes for Children and Adults.”

LEARNING OUTCOMES
You will be able to:
- Explain the role of vocal hygiene in comprehensive voice treatment
- Identify evidence-based vocal hygiene recommendations
- Determine when vocal hygiene recommendations should be included in treatment planning

PROGRAM HISTORY and IMPORTANT INFORMATION

Recording length: 75 minutes
Online conference dates: April 22–May 4, 2020; August 5–17, 2020
End date: April 22, 2025

To earn continuing education credit, you must complete the learning assessment on or before April 22, 2025.

ASHA Professional Development is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

This course is offered for 0.1 ASHA CEUs (Intermediate level, Professional area).
