Evidence-Based Treatments for Muscle Tension Dysphonia

INTRODUCTION
This session discusses strategies for successfully managing muscle tension dysphonia in patients of all ages and across practice settings.

This course is a recorded session from the 2020 online conference “Voice Evaluation and Treatment: Improving Outcomes for Children and Adults.”

LEARNING OUTCOMES
You will be able to:
• Identify the hallmark features of muscle tension dysphonia
• Use diagnostic probes to determine the best treatment approaches
• Explain the primary steps for administering manual interventions for muscle tension dysphonia

PROGRAM HISTORY and IMPORTANT INFORMATION
Recording length: 108 minutes
Online conference dates: April 22–May 4, 2020; August 5–17, 2020
End date: April 22, 2025

To earn continuing education credit, you must complete the learning assessment on or before April 22, 2025.

This course is offered for 0.15 ASHA CEUs (Intermediate level, Professional area).
