Voice and Communication Modification for People Who Identify Along the Gender Spectrum

INTRODUCTION

This session explores working with people along the gender spectrum to attain their desired voice and communication goals. The speaker addresses cultural humility; methods of intake and assessment; training of vocal, verbal, and nonverbal parameters; and assessing readiness for exit from voice and communication modification.

This course is a recorded session from the 2020 online conference “Voice Evaluation and Treatment: Improving Outcomes for Children and Adults.”

LEARNING OUTCOMES

You will be able to:

- Perform an appropriate voice and communication intake with people who identify along the gender spectrum
- Obtain the necessary baseline measures of voice and related communication parameters with people who identify along the gender spectrum
- Plan and execute healthy, sustainable, and individualized voice and communication approaches for people who identify along the gender spectrum

PROGRAM HISTORY and IMPORTANT INFORMATION
