

## FACULTY

---

**Donna Murray, PhD, CCC-SLP**, is the Vice President of Clinical Programs at Autism Speaks and Adjunct Associate Professor of Clinical Pediatrics at Cincinnati Children's Hospital/University of Cincinnati College of Medicine. Murray joined Autism Speaks in 2013 and oversees the activities of the Autism Speaks Autism Treatment Network (ATN). This network of academic medical institutions in North America conducts research and specializes in developing a model of multidisciplinary diagnostic and medical care for children with autism spectrum disorder and shares its best practices with providers and medical facilities nationwide to improve outcomes for all children with autism.

Prior to joining Autism Speaks, Murray served as Director of Clinical Services for the Division of Developmental and Behavioral Pediatrics at Cincinnati Children's Hospital and the Co-Director of its Kelly O'Leary Center for Autism Spectrum Disorders. Murray has spent more than 30 years as a clinician specializing in program development and diagnosis and treatment of individuals with autism and has authored or co-authored numerous papers on the diagnosis and treatment of autism and its related physical and mental health conditions. Her current focus includes using quality-improvement science to improve clinical care and outcomes for children with autism..
