Getting Together: Group Communication Treatment for Individuals With Dementia

INTRODUCTION

This webinar will present research evidence and practical examples to help SLPs design person-centered, evidence-based group treatments for individuals with mild to moderate dementia.

LEARNING OUTCOMES

You will be able to:

- implement different types of group communication treatments for individuals with mild to moderate dementia
- explain the research evidence associated with these types of treatment programs
- write functional goals, with outcome measurement strategies, for individuals participating in group treatment programs

PROGRAM HISTORY and IMPORTANT INFORMATION

Live webinar: Wednesday, August 19, 2020
3:00–5:00 p.m. Eastern time
(2:00 p.m. Central time, 1:00 p.m. Mountain time, noon Pacific time)

On-demand webinar: August 21, 2020– August 19, 2025

To earn continuing education credit, you must complete and submit the learning assessment within 5 days of watching the webinar, or before August 19, 2025, whichever comes first.

To see if this program has been renewed after this date, please search by title in ASHA’s online store at www.asha.org/shop.

This course is offered for 0.2 ASHA CEUs (Intermediate level, Professional area).
