FACULTY

**Maya Henry, PhD, CCC-SLP**, is an Associate Professor in the Department of Communication Sciences and Disorders and Neurology at the University of Texas, Austin. As Director of the Aphasia Research and Treatment Lab, she teaches courses on aphasia and related neurogenic communication disorders as well as the cognitive and neural bases of speech and language. Her NIH-funded research investigates the immediate and long-term benefits of interventions to promote communication and quality of life in primary progressive aphasia.
