Assessment and Treatment Approaches for Primary Progressive Aphasia

INTRODUCTION

This webinar will explore state-of-the-art approaches to assessment, diagnosis, and treatment for individuals with primary progressive aphasia (PPA). The speaker will discuss evidence-based restitutive as well as compensatory treatment approaches and highlight new interventions targeting communication dyads and communication partner training.

LEARNING OUTCOMES
You will be able to:

- describe the pathological basis and clinical features of PPA, including non-language symptoms that may emerge with disease progression
- explain current approaches to assessment and differential diagnosis in PPA
- demonstrate how restitutive and compensatory speech-language intervention, care partner training, and counseling each play a critical role in management of PPA

PROGRAM HISTORY and IMPORTANT INFORMATION

Live webinar: Tuesday, August 11, 2020
1:00–3:00 p.m. Eastern time
(*noon Central time, 11:00 a.m. Mountain time, 10:00 a.m. Pacific time*)

On-demand webinar: August 13, 2020– August 11, 2025

To earn continuing education credit, you must complete and submit the learning assessment **within 5 days** of watching the webinar, or **before August 11, 2025**, whichever comes first.
