Telepractice Fundamentals

INTRODUCTION

This webinar will explore the essentials of telepractice—a service delivery model that is poised to revolutionize the delivery of health care and create new practice opportunities for SLPs. The presenter will address nomenclature, external influencers, tele-ethics, state licensure requirements, malpractice considerations, reimbursement challenges, current technologies, privacy and security, safety, e helpers, and more. The webinar will include case scenarios across various disorders and settings, discussion of novel applications such as tele-AAC and interprofessional teams, tips to determine clinical readiness to engage in telepractice, and training and mentorship opportunities.

LEARNING OUTCOMES

You will be able to:

- determine when state licensure is required to engage in telepractice
- identify aspects of privacy, security, and safety to protect the well-being of clients when engaging in telepractice
- describe the circumstances in which a hybrid approach (i.e., a combination of in-person sessions and telepractice) can be beneficial

PROGRAM HISTORY and IMPORTANT INFORMATION

**Live webinar:** Thursday, August 27, 2020
1:00–3:00 p.m. Eastern time
(noon Central time, 11:00 a.m. Mountain time, 10:00 a.m. Pacific time)

**On-demand webinar:** August 29, 2020– August 27, 2025
