FACULTY

Shannon Munro, PhD, APRN, BC, NP, is a researcher and nurse practitioner at the Salem Veteran Affairs Medical Center in Salem, Virginia. Munro and her team significantly reduced the risk of developing hospital-acquired pneumonia among non-ventilated patients by providing consistent oral hygiene during hospital admissions. She is leading the national VA deployment of HAPPEN, a pneumonia prevention initiative that is underway in 41 VA hospitals to date and is supported by funding from the VHA Diffusion of Excellence Initiative, the Quality Enhancement Research Initiative, the Office of Strategic Integration, and the Veterans Engineering Resource Center.
