A Tutorial for Implementing Strategic Questioning in the Clinical Teaching Environment by Samantha J. Dalessio (Procaccini)

Ethical Considerations in Supervision: Familiarity Is Your Friend by Melissa Passe
INTRODUCTION

These Perspectives (SIG 11) articles outline the use of strategic questioning methods to stimulate students' critical thinking and other higher order thinking skills. In addition, the Code of Ethics is discussed as it relates to supervisory experiences across various settings.

LEARNING OUTCOMES

You will be able to:

- describe at least one strategic questioning approach and explain the evidence for using it in the clinical teaching setting
- summarize the principles and rules of the Code of Ethics as they relate to supervision

PROGRAM HISTORY

Start date: February 1, 2020
Available through: January 30, 2023

IMPORTANT INFORMATION

To earn continuing education credit, you must complete the test with a passing score on or before January 30, 2023.

This course is offered for 0.10 ASHA CEUs (Intermediate level, Professional area).
