

DISCLOSURES

Three-/Four-Dimensional Ultrasound Technology in Speech Research

Steven M. Lulich

Department of Speech & Hearing Sciences, Indiana University
Bloomington, IN

William G. Pearson

Department of Cellular Biology and Anatomy, Medical College of Georgia
Augusta, GA

Disclosures

Financial: Steven M. Lulich has no relevant financial interests to disclose.

William G. Pearson, Jr. has no relevant financial interests to disclose.

Nonfinancial: Steven M. Lulich has no relevant nonfinancial interests to disclose.

William G. Pearson, Jr. has no relevant nonfinancial interests to disclose.

A Comparative Normative Study Between Multidimensional Voice Program, Praat, and TF32

Kelly Richardson

Department of Communication Disorders, University of Massachusetts
Amherst, MA

Deborah Matheron

Communication Disorders and Sciences Department, State University of New York College at Cortland
Cortland, NY

Vincent Martel-Sauvageau

Speech-Language Pathology Program, Rehabilitation Department,
Université Laval, Québec City, Québec, Canada

Irena Vincent

Communication Disorders and Sciences Department, State University of New York College at Cortland
Cortland, NY

Disclosures

Financial: Kelly Richardson has no relevant financial interests to disclose.

Deborah Matheron has no relevant financial interests to disclose.

Vincent Martel-Sauvageau has no relevant financial interests to disclose.

Irena Vincent has no relevant financial interests to disclose.

Nonfinancial: Kelly Richardson has no relevant nonfinancial interests to disclose.

Deborah Matheron has no relevant nonfinancial interests to disclose.

Vincent Martel-Sauvageau has no relevant nonfinancial interests to disclose.

Irena Vincent has no relevant nonfinancial interests to disclose.

Engineering Innovation in Speech Science: Data and Technologies

Christina Hagedorn

Linguistics, College of Staten Island, City University of New York
NY, NY

Linguistics, The Graduate Center, City University of New York
NY, NY

Tanner Sorensen

Linguistics, University of Southern California
Los Angeles, CA

Adam Lammert

Bioengineering Systems & Technologies, MIT Lincoln Laboratory
Lexington, MA

*Perspectives of the ASHA Special Interest Groups
SIG 19*

*Asterios Toutios
Electrical Engineering, University of Southern California
Los Angeles, CA*

*Louis Goldstein
Linguistics, University of Southern California
Los Angeles, CA*
