

## DISCLOSURES

---

### **Research in Speech Science and Voice Disorders: The Promise of Modern Genetic Approaches in Improving Clinical Diagnosis and Treatment**

Emily E. Kimballa

Department of Otolaryngology, Vanderbilt University Medical Center  
Nashville, TN

Lea Sayce

Department of Communication Sciences and Disorders, University of Pittsburgh  
Pittsburgh, PA

#### **Disclosures**

*Financial: Emily E. Kimball has no relevant financial interests to disclose. Lea Sayce has no relevant financial interests to disclose.*

*Nonfinancial: Emily E. Kimball has no relevant nonfinancial interests to disclose. Lea Sayce has no relevant nonfinancial interests to disclose.*

### **Promoting Cultural and Linguistic Competence in Speech Science Courses**

Amy T. Neel

Department of Speech and Hearing Sciences, University of New Mexico  
Albuquerque, NM

#### **Disclosures**

*Financial: Amy T. Neel has no relevant financial interests to disclose.*

*Nonfinancial: Amy T. Neel has no relevant nonfinancial interests to disclose.*

### **Computer-Assisted Challenge Point Intervention for Residual Speech Errors**

Tara McAllister

Department of Communicative Sciences and Disorders, New York University  
New York, NY

Elaine R. Hitchcock

Department of Communication Sciences and Disorders, Montclair State University  
Bloomfield, NJ

José A. Ortiz

Department of Hearing and Speech Sciences, University of Maryland  
College Park, MD

#### **Disclosures**

*Financial: Tara McAllister has no relevant financial interests to disclose. Elaine R. Hitchcock has no relevant financial interests to disclose. José A. Ortiz has no relevant financial interests to disclose.*

*Nonfinancial: Tara McAllister has no relevant nonfinancial interests to disclose. Elaine R. Hitchcock has no relevant nonfinancial interests to disclose. José A. Ortiz has no relevant nonfinancial interests to disclose.*

### **Toward an Index of Oral Somatosensory Acuity: Comparison of Three Measures in Adults**

*Olesia Gritsyk*

*Department of Communicative Sciences and Disorders, New York University  
New York, NY*

*Heather Kabakoff*

*Department of Communicative Sciences and Disorders, New York University  
New York, NY*

*Joanne Jingwen Li*

*Department of Communicative Sciences and Disorders, New York University  
New York, NY*

*Samantha Ayala*

*Department of Communicative Sciences and Disorders, New York University  
New York, NY*

*Douglas M. Shiller*

*École d'orthophonie et d'audiologie, Université de Montréal  
Montréal, Québec, Canada*

*Tara McAllister*

*Department of Communicative Sciences and Disorders, New York University  
New York, NY*

***Disclosures***

*Financial: Olesia Gritsyk has no financial interests to disclose. This research was supported by the National Institute on Deafness and Other Communication Disorders of the National Institutes of Health under Grant R01DC017476 awarded to Tara McAllister (Principal Investigator) and Grant F31DC018197 awarded to Heather Kabakoff (Principal Investigator). Joanne Jingwen Li has no financial interests to disclose. Samantha Ayala has no financial interests to disclose. Douglas M. Shiller has no financial interests to disclose.*

*Nonfinancial: Olesia Gritsyk has no nonfinancial interests to disclose. Heather Kabakoff has no nonfinancial interests to disclose. Joanne Jingwen Li has no nonfinancial interests to disclose. Samantha Ayala has no nonfinancial interests to disclose. Douglas M. Shiller has no nonfinancial interests to disclose. Tara McAllister has no nonfinancial interests to disclose.*
